# SSAF at RMIT

THANKS  
SSAF

## What is SSAF and why do you pay it?

The Student Services and Amenities Fee (SSAF) was established by the Australian Government in 2011. SSAF is used by RMIT to deliver support and experiences that enhance student life both on campus and online. Make the most of your SSAF services and enrich your student journey, from special events to career support, counselling and so much more!

## What if I'm studying remotely?

RMIT is committed to offering students equivalent services even if you are unable to come to campus. The allocation of SSAF funding has increased its focus to supporting students in an online environment. Most SSAF funded services and experiences are delivered through multiple channels which are accessible to students remotely.

## Your SSAF, your say!

Every student has a say in how SSAF shapes student life. RMIT prioritises where funding is allocated and creates initiatives based on what students have told us is important. Student consultation occurs via input from elected student representatives, co-design activities, surveys, focus groups and our Annual "Have Your Say Day".

## Support and assistance when you need it.

SSAF funds a huge network of RMIT and RUSU staff to help all RMIT students thrive educationally and personally. Together we assist students with accessibility, accommodation, counselling, financial affairs, graduation, inclusion, industry connection, legal advice, orientation, student life and wellbeing.
