RicStar Catering

Activate Bundoora (funded fresh produce)

"Access to the 220 former cafe has allowed RUSU to deliver new initiatives and expand our programs at the Bundoora campus in 2026. We worked with RicStar Catering to heat and serve fresh hot meals during winter and to expand Compass Cupboard to assist twice as many students and to provide fresh produce."

Samuel Coombs,
RUSU President

"When you provide food security programs, fresh produce and free meals at the scale and frequency that RUSU does, access to a food prep area with suitable storage and refrigeration is essential"

Mandi Scott,
Governance & Operations Manager
