Notice of Proposed AFFILIATION

Student Union Council Meeting 24 November 2026 at 6pm

RUSU will be considering a proposal to affiliate to the ISRC at the Student Union Council Meeting to be held on Tuesday 24 November 2026.

Background

The International Students Representative Council of Australia Incorporated (ISRC) is a national organisation that advocates for the rights, welfare and representation of international students across Australia.

Affiliation with ISRC would provide RMIT University Student Union (RUSU) with an opportunity to strengthen its national advocacy, collaborate with other student representative organisations and ensure that the interests of RMIT's international students are represented in national discussions and decision-making.

Under Section 15 of the RUSU Constitution, affiliation with external organisations requires approval by a two-thirds majority of the Student Union Council (SUC), subject to the relevant constitutional requirements.

The ISRC has invited student representative organisations to apply for membership ahead of its 2026 Annual General Meeting, scheduled for Monday, 30th November 2026.

Membership is free for 2026, with each approved member organisation entitled to one vote at the AGM. New membership applications are subject to approval by the ISRC.
